Request for Proposal #17-381 Narrow Isle Reach Truck Addendum #1

This addendum contains revisions, clarifications, and information pertinent to the Request for Proposal (RFP) for the title project and shall supplement, amend, and become part of the solicitation. All responses shall be based on the solicitation TOGETHER with this Addendum.

Acknowledgment of this addendum shall be submitted with the response. Failure to acknowledge addenda may subject the Contractor to disqualification.

Proposals are due May 24, 2017 at 3:00 PM.

QUESTIONS:

1. **Question:** Spec 6 says max lift height 10', do you not want the forks to go higher than 10'? The standard mast is 87" collapsed, 191" max height. We can put a stop on the mast at 10' but would need to know before delivery?

Answer: 87" collapsed and 191" max height is acceptable.

2. **Question:** Spec 26 says reach interlock switch, could you specify what you are referring to?

Answer: A height limit switch with override.

3. **Question:** Spec 28 vantage point camera, do you want the camera mounted so the operator can see where the forks are when they are raised or is the camera to serve as additional view while operating the lift?

Answer: To be able to see where the forks are when raised.

4. **Question:** Spec 31 says onboard charger. The reach truck does not come with an onboard charger, it requires a 3 phase charger. Are you referring to a battery indicator light that shows the remaining battery life?

Answer: We would like to charge the battery via 110 Volt standard 3 prong plug extension cord. However, a stand-alone charger that will plug into a single phase 110v outlet is acceptable.

5. **Question:** For the tires, the RFP indicated Rubber Drive wheels, you want those instead of the poly?

Answer: Poly wheels only.

6. **Question:** Is there a fee to be paid with the bid?

Answer: No.

7. **Question:** *I would like to know the Height the unit needs to reach?*

Answer: 12 feet minimum height reach.

8. **Question:** *What is the length of forks?*

Answer: 42-inch length.

9. **Question:** *What is the max capacity needed?*

Answer: 3,000 pound minimum.

10. **Question:** *Do you need lights on the front?*

Answer: No.

11. **Question:** *Is a strobe light needed?*

Answer: Yes.

12. **Question:** *Is a backup alarm needed?*

Answer: Yes.

13. **Question:** *Do you need fan for cooling operator?*

Answer: No.

14. **Question:** *Do you need console lighting?*

Answer: No.

15. **Question:** *24 Volt or 36 Volt power?*

Answer: 24 Volt.

16. **Question:** *Is a new Charger needed?*

Answer: Onboard charging.

17. **Question:** *If so do you know if it is single phase power or three phase power?*

Answer: Single Phase 110 volt plug-in.

18. **Question:** *What is the closed height for clearance through doors (Determines whether it is a 2 stage or 3 stage mast)?*

Answer: 89 inches.
